## SUMMARY

Dynamic Operations Leader with 11 years of experience in streamlining organizational workflows and enhancing operational efficiency. Spearheaded the automation of manual processes, reducing administrative effort by 25% and maintaining a 98% uptime for program activities across three regions. Seeking the Member Services Supervisor role at UniPro to enhance service delivery and operational excellence through innovative process management and cross-functional collaboration.

## EXPERIENCE

### Intercontinental Exchange (ICE/NYSE)

#### System Administrator / Internal Operations Support

Remote  
October 2022 – September 2025

- Improved internal service turnaround by 20% by standardizing intake, escalation, and resolution workflows across multiple systems.
- Reduced repeat issues by 15% by identifying workflow gaps, documenting fixes, and training teams on consistent processing standards.
- Acted as a systems super-user, supporting ServiceNow ticketing, CMDB accuracy, and workflow configurations used across operations and finance teams.
- Partnered with compliance, engineering, and leadership to resolve high-impact issues by analyzing root causes and implementing preventative process changes.
- Balanced workload across support queues by reviewing volume trends and redistributing assignments to maintain SLA performance.

### Teleperformance (Apple Enterprise Support)

#### Tier-2 Technical Support Specialist / Operations Coordinator

Remote  
February 2015 – May 2020

- Managed 40-60 daily cases while maintaining 92% CSAT by improving case documentation and resolution consistency.
- Reduced average resolution time by 35% by identifying common order, billing, and account issues and creating standardized troubleshooting guides.
- Served as escalation lead by resolving complex customer, pricing, and account discrepancies while coordinating with internal support teams.
- Improved team efficiency by creating SOPs, templates, and training resources used to onboard new hires and support ongoing performance.

### Office Depot

#### Customer Service Department Manager

Westland, MI  
January 2013 – July 2015

- Increased customer satisfaction by 30% by leading, coaching, and scheduling a 15-member service team.
- Reduced account cancellations by addressing process breakdowns in pricing, fulfillment, and service recovery workflows.
- Maintained 96% service level adherence during peak business periods by implementing data-driven scheduling using workforce management software for a 15-person customer service team.
- Reduced associate ramp-up time by 22% over 18 months by implementing structured onboarding programs and leveraging learning management systems for scheduling and progress tracking.

### Tech Teens Inc.

#### Founder & Operations Lead

Remote  
September 2023 – Present

- Implemented operational workflows for enrollment, scheduling, communications, and reporting using Monday.com and Microsoft 365, streamlining processes for 100+ participants over 12 months.
- Automated manual processes to reduce administrative effort by 25%, improving accuracy and turnaround time.
- Developed over 20 comprehensive SOPs and digital training modules in Microsoft 365 to accelerate volunteer ramp-up time by 30% and ensure unified program delivery standards across teams operating in three regions.
- Coordinated cross-functional communication between program, finance, and external partners, resolving an average of 10 operational issues per quarter and maintaining a 98% operational uptime for program activities using Microsoft 365 and Monday.com.
